1. After searching the catalog (a.k.a., Library Search) and determining we do not currently have a streaming film you want to assign: **contact [your Subject Librarian](#) to request it.**
  - a. Turnaround time for us to obtain streaming site license is approximately 1-10 business days depending on the distributor.
2. If we are able to obtain a streaming rights, we'll notify you and send you a link to the catalog record.
3. You have a few options for sharing streaming film with your students
  - a. You can share the link to the catalog record

## Options if the Library isn't able to license the streaming rights?

- We can purchase the DVD and put in the Course Readings section which allows 4 hour checkouts.
  - The Library has a media viewing room that can be booked in advance and we also provide DVD drives for check out.
  - You can also [screen DVDs over Zoom](#) or live in your class.
